

DECIDING WHAT'S NEXT

Where to from school is a **BIG** decision.

There are so many options, so many **influences** and so many reasons that make different selections right for **different** students.

STAR is the perfect place to start.

YOUR TEENAGER >

The school's career advisor has recommended that your teenager attend an experience course in the **future focused learning** environment of Wintec. This course is in an area that interests them and one that fits their profile and personality. Over 1 or 2 days they'll experience enough to help them decide if it is a path they may be interested in pursuing when they leave school.

WHAT ARE EXPERIENCE COURSES? >

These courses give secondary school students a taste of a subject or job area they are interested in. The courses are government funded. These courses have been developed to give an accurate representation of what studying at Wintec is like, and to encourage students to explore a career path. Students learn from Wintec's industry experienced tutors in our purpose built learning environments.

FINDING THE RIGHT CAREER PATH

Students who choose career paths that match their personality types are more likely to succeed in both their studies and their future workplace. By matching your teenager's **individual** personality, strengths, abilities and **likes** to a career, there's a very good chance they will discover a future that inspires and excites them. These courses give students a chance to further explore if a career path is right for them, before they take on further study. If they find it isn't what they wanted after all, try Wintec's Find Your Fit tool - www.findyourfit.co.nz

A NEW GENERATION, A NEW WAY OF LEARNING >

In an environment where industry leaders bring learning alive and knowledge is gained by solving real issues, Wintec has emerged as one of New Zealand's leading tertiary providers for the new generation.

For many students, the real work environments they experience at Wintec change their whole perception and attitude to learning. When this happens, it's inspirational for everyone involved.

Offering over 140 courses from Certificate and Diploma to Degree and Postgraduate levels, Wintec is a vital community partner, ensuring the region has the skills employers need. Courses are developed in consultation with industry and include hands-on learning. Students graduate ready to hit the ground running with the vital skills employers are looking for.
