Achieve NCEA Level 2 & 3

Most WTA courses are two years in length and offer:

- 1 day a week of study at Wintec
- Between 25 – 40 credits
- Unit standards
- Level 2 credits in Year 1
- Level 3 credits in Year 2
- Sector related standards – working towards your vocational pathway endorsement

Practical learning

- Build mini-bikes, sleep outs, do manicures, pedicures, make soups, sandwiches
- Project based learning
- Hands on
- Industry relevant

Improve your confidence

“I’ve learnt heaps going to Wintec on Fridays. It has encouraged me to be more independent and I have gained experience in what I might want to do, or not. I’m way more focussed this year and I feel going to Wintec has helped me believe I can have a good future in my life.”

Codie – Construction and Infrastructure

Transition into apprenticeships or higher level study

- Study alongside apprentices and full time students
- Access to level 3 and above Wintec programmes after finishing school
- Presentations from employers and industry training organisations about apprenticeship opportunities
